

INCIDENT RESPONSE FORM

This form is a helpful way for University of Chicago students to record **any** type of offensive, intimidating, hostile, unlawful, or criminal incidents as they occur within the campus community. Filling out the form is optional but recommended, so that students who are concerned about an incident can document and report it more efficiently. Please bring this along to the recommended administrator listed on the civility.uchicago.edu website.

Record the following:

1. What happened?
2. Who was involved?
3. When and where did it happen?
4. Is this a recurring problem?
5. Who else was present who could help describe the event(s)?
